
About Amazed 15

Core Values:

- Building the Global Christian Church
- Revitalizing Local Churches
- Equipping Pastors and Leaders

Vision:

Our vision is to be the impetus in the revitalization and rebirth of the global church through training, resourcing and intentional learning experiences for Christians, empowering them to serve their communities around the world. Our ministry includes three primary elements:

- To provide training for churches, pastors and leaders in areas around the world where poverty prevents them from receiving quality training.
- To create international internships and learning experiences for churches and their leaders to learn from others around the globe.
- To provide resources and training to assist churches in revitalization.

About Amazed 15

General Information

Preparing for Amazement Ministries was started in 2009 by Rev. Dr. Marcus J. Carlson as an informal way to support churches and faith based organizations and their leaders. In 2019, the organization formally organized and transitioned its focus, re-launching as a non-profit ministry to build and revitalize the global church.

Preparing for Amazement Ministries

the whole gospel for the whole world

“Look at the nations and watch — and be utterly amazed. For I am going to do something in your days that you would not believe, even if you were told.”

Our Work

International Pastor, Youth Pastor and Church Leader Training:

This program will bring international internships to churches throughout the United States to benefit both churches and international pastors. For churches that receive international interns, they will receive much needed support, allowing the church to learn as they help the intern learn. For the international pastors, the church will provide hands on educational experience so that those pastors may return to their own country well equipped to do ministry. Of course, this program will follow all federal and state laws. Finally, it will create opportunities for American churches and pastors to travel to countries to teach and learn from other churches, ministries and ministry leaders.

“Look at the nations and watch— and be utterly amazed. For I am going to do something in your days that you would not believe, even if you were told.”

Locations Served: Preparing for Amazement Ministries is open to serving any location, Christian denomination and church within our resources and federal and local laws. Currently, Preparing for Amazement Ministries has connections throughout the 50 United States and countries in Africa, Asia, Europe and South America (current list includes: Bangladesh, Brazil, Canada, England, India, Kenya, Nepal, and the United Arab Emirates).

Our Work

International Internships & Learning Experiences:

This program will both provide a curriculum for training leaders and deliver training to leaders in countries where poverty prevents them from receiving a formal education or quality training. As the first part of this program, various training modules and curriculums will be created and shared with international partners. These partnerships will be developed with organizations, denominations and church leaders in various countries in order to provide training opportunities. Of course, pastors and other experts will be recruited to conduct the training. Finally, it will be necessary to raise funds to cover the cost of the training events and the travel expenses of the trainers.

Church Revitalization Network:

This program will establish a network for church revitalization (and training to carry out such revitalization), which is open to all churches in the United States. While churches in the United States are in a state of decline, many have great members who desire to bring revitalization to their church. This network will empower and encourage congregations for the wonderful joy and responsibility of sharing the love of Jesus with the world. It will have online resources and will establish connections between member churches to learn from and support one another as they each seek to revitalize their church. This program may also include seminars and learning experiences to provide a knowledge base and processes to network churches.
