Revitalization Network: Churches

Church Revitalization Network: This network is a community of connected congregations open to all churches in the United States for church revitalization. Unfortunately, churches in the United States are in a state of decline. Yet many have dedicated members who desire to bring revitalization to their churches. This network will have online resources and will establish connections between member churches to learn from and support one another as they each seek to revitalize their church.

Network

- Three components – Resources, training, and encouragement (Support).
    - Resources: Access to resources such as best practices, links, seminars, technological support, organizational development support, other online resources (devotionals, sermons, etc), sample documents, book recommendations, podcasts etc.
    - Training: Content to use for professional development.
    - Encouragement (support): Link congregations, pastors, and leaders with others who have been there, who are going through it now, and who are thinking about engaging a formal revitalization effort.
        - Platform(s) to connect, share and learn from one another, connecting to learning experiences.

Process

1. A church makes an inquiry about our ministry.
2. Preparing for Amazement shares information about the three components of our network.
3. The church decides whether or not our network would be helpful to their ministry.
4. The church becomes an operating member of the network, utilizing the the training, resources and encouragement as needed and provides encouragement and resources to the network as able for other churches to utilize.
5. The church may choose to not renew their network membership at the renewal date.

Expectations of Participating Churches:

Level	Financial Commitment	Access Level	Discounts on other services
Yellow	$1,000 per year for 5-10 users, $1,500 per year for 10-20 users	Documents (all)	Yes-Seminars
	$1,500 per year for 10-20 users	Documents (all)	Yes-Seminars
