

# Preparing for Amazement Ministries

Empowering and equipping churches and leaders to create lasting and transformational health

September 2023

## Ministry Update: Africa Missions

In November, we will partner with other ministry leaders to travel to Africa to train pastors, youth pastors, worship leaders and other ministry leaders. We will visit Uganda and Kenya to work with four or more ministry groups. Additionally, we will also be providing resources to pastors and churches on this trip. Our planning and fundraising efforts have begun. We aim to raise \$15,000 for the trip and \$5,000 for resources. So far, we have raised over \$6,500 for the trip and over \$3,000 for resources. Our international training trips have a tremendous amount of impact for the amount of money invested in it. We invite you to **[check out this video](#)** and **[click here](#)** to partner with us in prayer or financial support to make a difference and build the global church worldwide.

## Thoughts on Africa

"I saw it in action: Love speaks no language. The simplicity of their life was starkly evident as they had very little possessions and only small provisions. Gratefulness is universal. Love and acceptance require no paycheck."
