■ PODCAST

Our podcast, *Voices in the Wilderness: Conversations about Church and Leader Health*, is a free resource for churches, church leaders, and any follower of Jesus. We are currently offering a 10-part series on leader health. Check it out and subscribe on our website!

WE NEED YOU!

One thing I am realizing is that this time and season in the world and the American church are more critical than I had imagined. In a chaotic world filled with suffering, anger, and hatred, the message of the Gospel remains our hope and life.

As we work with churches and leaders worldwide, we are consistently reminded of the importance of health—for congregations, ministries, and their leaders. Ministry today is more challenging than ever before. The world needs the Gospel—the good news of Jesus—more than ever. While it is a season of challenge, it is also a season of opportunity.

December 31 will mark six years of Preparing for Amazement Ministries. We are deeply grateful for these years and excited about the impact we can continue to make. Few new nonprofit ministries last this long, especially considering we launched just before a global pandemic. We have impacted hundreds of pastors, trained thousands of ministry leaders, and collaborated with numerous churches, ministries, and networks. God has been faithful!

Thank you for your support over these six years. Your prayers, encouragement, and giving have been a blessing to many. As we enter our seventh year, we ask for your continued support. Please consider a regular or one-time donation—whether as part of Giving Tuesday, a year-end gift, or a start-of-the-year contribution. Simply visit our website and click on the support tab to learn more.
